

Dynamic provider network enhancement – improve capacity and speed to care

Lucet's Navigate & Connect offers an end-to-end data driven network enhancement solution to align and match your member demand and needs.

Analysis

In-depth network analytics to identify access gaps, tailoring curated provider recruitment strategies.

Design

Supply & demand analytics to ensure recruitment aligns with member care needs.

Build

Targeted recruitment strategies including EMR/software integrations and small group/solo practitioner outreach.

Ongoing capacity monitoring and measurement-based care outcomes inform our platform matching algorithm.

Smart provider network stack

Lucet's technology and analytics identify where specialty providers and/or Lucet's provider stack can enhance member access, while partnership approach ensures network criteria and reimbursement rates meet your health plan's objectives.

Specialty Providers: Clinically Vetted

days to care

2.1 provider supply to member demand

Extension of *your network services*

Lucet's provider network management services are designed to enhance and augment your core network services. Lucet delivers services across all aspects of provider engagement to seamlessly integrate into your operations.

1. Identify

Data-driven analysis of network adequacy, supply/demand mapping, capacity monitoring and network segmentation to identify gaps.

2. Recruit

Innovative recruitment strategies to find, build awareness and bring value to the right providers.

3. Technology Onboarding

Streamlined onboarding process for profile set-up, provider training, and data maintenance.

4. Engage

Communication and engagement channels to offer wraparound support, provider education, and issue resolution/product support.

5. Enable

Data and analytics to enable outcomes monitoring, measurementbased care, performance scorecards and value based payment (VBP).

igstarrow Let's better behavioral health, together

Lucet brings decades of clinical experience, research, and innovation to behavioral health. Our mission is to help providers like you improve the quality of care delivery and outcomes for your patients with support from our care team.
